

GOAT SADAQAH

It is mentioned in the Quran and Hadith that a 'Sadaqah' removes difficulties in many ways.

A 'Sadaqah' is a voluntary charitable act that can be given in many ways. One of the most common ways is to sacrifice a goat for the sake of Allah (swt), with the meat distributed to feed the poor, either on one's own behalf or someone else's.

Please help us feed as many people as possible this Winter.

WATER for life

Donate a water pump or water well in your name, or in the name of a deceased loved-one this Winter.

In some rural areas, walking several miles to get water, especially in Winter, is a real task for families. Lack of clean water is not only one of the leading causes of death and disease around the world, it is also the reason why many people are trapped in poverty.

Please help us provide clean and safe drinking water so that in the Winter's to come, this basic human necessity is available in these areas.
